

Dear Valued Customers,

We hope this message finds you well. It is with a heavy heart that we share an important update regarding the future of AEE Solar. After careful consideration, we've made the difficult decision to wind down AEE's operations over the next month, with a tentative closing date of May 3rd, 2024. Please be aware that this date may be subject to change, and we will keep you informed of any updates.

As a result, we are offering attractive clearance pricing on the majority of our inventory over the next month, which we encourage you to take advantage of.

We understand that this news might come as a surprise. Our Customer Support Team and Territory Sales Managers are available to address any questions or concerns you may have during this time. We are committed to transparency and will keep you informed throughout the process, including confirmation of the final closing date, well in advance.

If you purchase SnapNrack products from AEE, please reach out to your Territory Sales Manager to explore opportunities to purchase directly from SnapNrack going forward.

We want to express our sincere gratitude for your ongoing support. It has been a privilege serving you, and we wish you continued success. We look forward to serving you during this wind-down period.

Sincerely,

The AEE Solar Team
